

From Gus Merwin

Oct 7 2013

President of Hidden Valley Sno-Riders

Well the bridges are all fixed for the moment. The rain in July floated three bridges and washed out two others. We had one scheduled to be replaced and got that done as well. We still have to fix the washouts and do some regrading of ramps.

Still a lot of work to do trimming out the sides of the trails. It is a continual never ending job so if you are a member and live near one of our trails, lend a hand and walk a section of trail trimming as you go. Or go to our web site and contact one of the trail masters to volunteer for trail work. We can always use the help.

You can find out who to contact at our web site, <http://hiddenvalleysnoriders.org/> and what else is going on in the club.

Our fund raising this year will be on the 25 Jan 2014 at the Odd Fellows Hall in Marlow to raise money for Camp SNO MO. Then we have a cook out on 22Feb 2014 at our warming hut on Marlow hill.

So with a lot of work now and a lot of snow later, it should be a great season and I am looking forward to seeing everyone on the trails in the future.

And a special thanks to all of the volunteers, who without their work, none of this would be possible.

Best Regards

Gus Merwin
